The Practical Arts

This year the Clerical Practice class had the job of running off the buzz book. Denise McCulloch and Sharon Boschert stop to admire their work.

For the Practical Future

The Practical Arts program offers a foundation for future careers. The Business Department offers fundamental instruction to help students assume their economic roles as consumers, workers, and citizens. The Home Economics Department offers a wide variety of courses including foods, clothing, interior decorating, family living and child care. Mechanical Arts help the students to visualize in three dimensions, to think precisely, and to strengthen their technical imagination.

The Mighty Seniors of the Pioneers '73

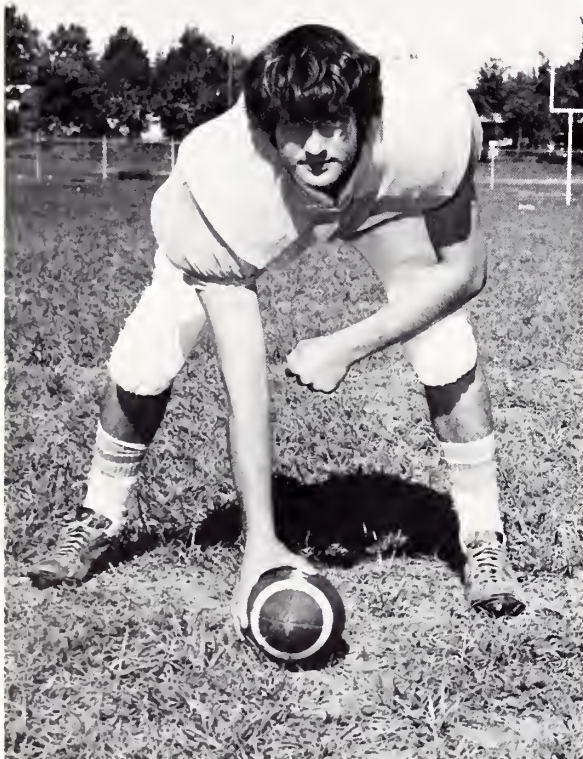

John Covilli -- Co-Captain
Quarterback.

This year's Varsity Football team boasted seventeen seniors -- the most ever for a Pioneer squad. These seniors provided the backbone and heart of the team. The team was characterized by hard, aggressive, defensive playing and machine-like precision on offense. The 1973 Football Pioneers proved to be an exciting "never-say-die" team. They started their season slowly with a loss and a tie but picked up momentum and scored four consecutive wins, three of which were over highly rated teams. They climaxed their season and showed the spirit and determination of traditional Duchesne Football by tying the only undefeated team (17-0) and #1 ranked team in the St. Louis area for the final game of the year.

The 1973 Football Pioneers were ranked eighth in the final poll of small schools in the sixth time that a Duchesne Football team has been ranked in the top ten!

The Last Word: The Editor's Page

In presenting this year's Cor Duchesne, it is my hope that in its pages each student will be able to rediscover some part of his life, however small, that has passed. A yearbook is, after all, nothing but memories; and each student will take different memories away with him. If this year's yearbook has captured enough of those memories to represent the experiences and feelings of a year's life at Duchesne, it will have been a success. That has been our goal in producing the 1974 COR DUCHESNE.

As in all endeavors involving any number of people, there are some individuals without whom the task could not have been completed. I extend my thanks to the members of the COR DUCHESNE staff, to Mr. Jim Combs, and to the people at Vincent Price Studio. Without them there would be no yearbook and their help has been greatly appreciated. My final thanks must go to Sister Kathleen, who more than any other person, deserves credit for this book.

My last word to you is EXPERIENCE. The editorship of the COR DUCHESNE has truly been an enjoyable experience.

Tricia Robohn, Editor
